// Patented SMART CLIP concept

The WORK LITEs are designed for the professional user who demands functional, practical and user-friendly work lights. The SMART CLIP 4-in-1 system integrates several multi-functions in the same unit. The clip is designed to fit the work belt and carry the lamp, available and at hand when needed for an inspection job.

Flexible positioning of the work light when both hands are needed can be obtained by the strong built-in magnet or by the retractable, turnable hook. Furthermore, the SMART CLIP can be used as a stand on any available surface.

AREA LITE CO

// 360° high performance LED work light

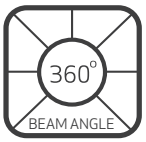

- A must-have universal light for any working site
- Illuminates the entire room and working area
- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material

// Illuminating the entire working area

The AREA LITE CO is a real basic work light especially designed to illuminate the entire room 360° around. The AREA LITE CO provides a diffused and pleasant, non-blinding, and uniform work light with large dispersion. These features are ideal for the demanding craftsman who requires powerful and efficient illumination of not only larger surfaces but the entire room carrying out any kind of repair, paint or construction work.

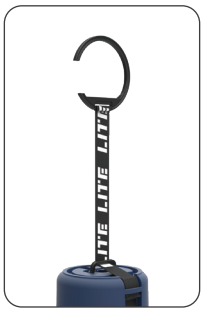

// Powerful 360° work light

The light output of the upgraded AREA LITE CO has been increased from 4000 lumen to 6000 lumen which is very powerful compared to similar lamps on the market. AREA LITE CO is extremely sturdy and durable and withstands being dropped.

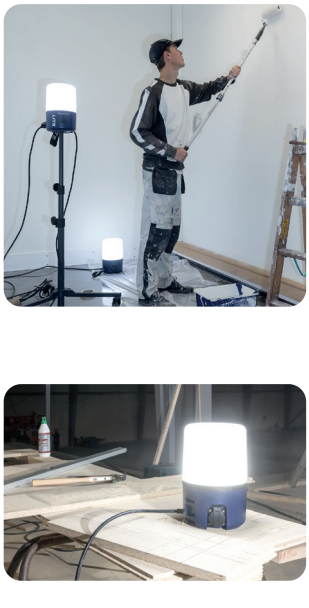

// Flexible positioning

The AREA LITE CO can be positioned directly on the workbench or hang in the sturdy hook from any mounting option available. SCANGRIP mounting stands offer completely flexible lighting solutions; the lamp can be mounted directly onto the TRIPOD without any time spent on fastening obtaining a height of up to 3 m. If you need a mobile light that can be moved quickly from place to place the lamp can be mounted directly on the WHEEL STAND.

STANDS and SUSPENSIONS

// Designed for direct mounting of VEGA LITE, FLOOD LITE, and AREA LITE CO work lights without bracket. Made of durable and sturdy powder coated steel for both indoor and outdoor use.

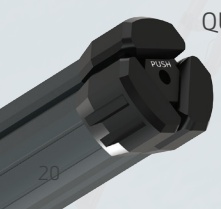

// Lightweight TRIPOD with QUICK RELEASE function

With its lightweight and extremely handy design, the SCANGRIP TRIPOD 2M is indispensable for stationary positioning of the work light for illumination in a specific working area. The tripod is extendable from 0.9 meter up to 2 meters, which gives you complete flexibility to position the light in the requested height. When mounted on the tripod the light can be tilted to provide the optimum beam angle.

Featuring a compact design and QUICK RELEASE function, it is easy and convenient to carry the tripod and set it up where illumination is needed. The tripod is extremely durable and can be applied for both indoor and outdoor use. The stable construction makes it safe even when fully extended. It is made of black painted aluminum.

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area. The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

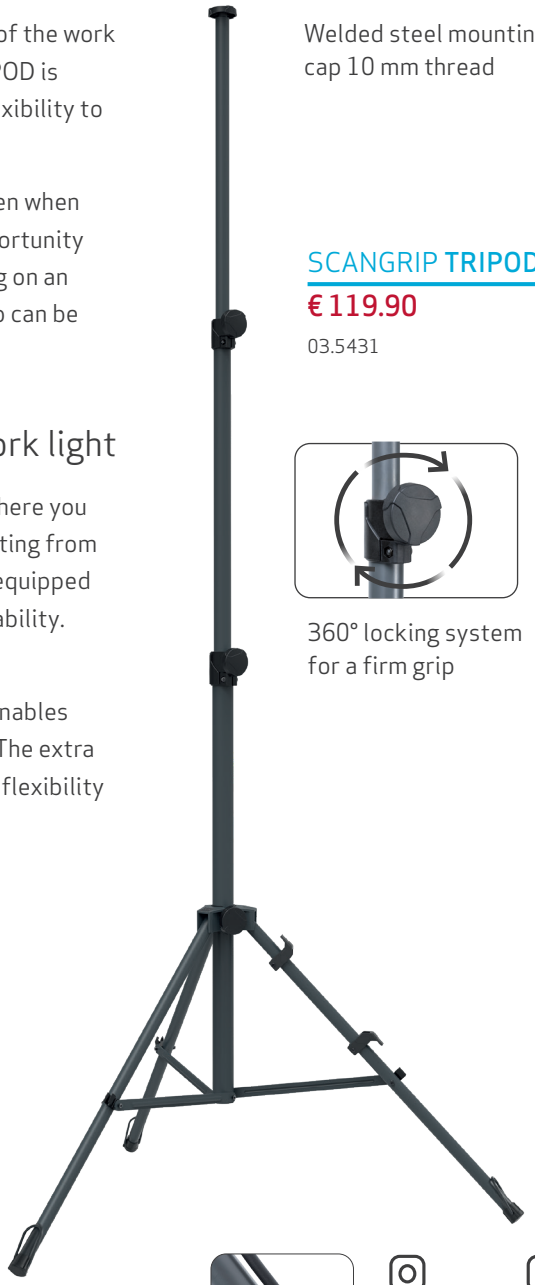

The stable construction of the SCANGRIP TRIPOD makes it safe even when fully extended. It is supplied with anchor points that provide an opportunity for extra stability if the tripod is exposed to strong wind or standing on an uneven surface. To increase safety when in use the cable of the lamp can be fixed in the safety clips placed on each separate leg.

// Wheel stand for mobile positioning of the work light

The SCANGRIP WHEEL STAND makes it easy to move the light to where you need it, and at the same time you avoid uncomfortable and heavy lifting from one workplace to the other. It is upgraded with a new base which is equipped with 5 wheels for improved safety and stability and easy maneuverability. 2 of the wheels are lockable to secure a safe and fixed position.

As an additional feature, it now comes with a flexible bracket that enables you to easily position a second work light to illuminate from below. The extra mounting bracket is adjustable in the height and provides complete flexibility to position the light in the optimum height.
