LIGHTING SOLUTIONS FOR HIGH PERFORMANCE

Work light of the future

The sophisticated SCANGRIP work lights are second-to-none and made for the real professional who needs the best tool he can get for the task. The full product line-up covers all kinds of work light solutions with superior quality across the entire range. These are lights made for work and built to last.

Latest technologies for best performance

SCANGRIP constantly push back the boundaries of LED lighting and battery technology, creating new cutting-edge work lights. We always reach for that extra brightness, that extra operation time, those little touches that make a real difference when you need the best work light you can get. We guarantee to provide you with only premium products for optimal performance.

Extreme durability and functional design

SCANGRIP work lights are extremely durable and made to last and do the job again and again. The entire product line is sturdy and endures the really demanding working environment which expose both the professional worker and his tools to rough, wet, and dirty conditions. The lights are covered by a high IP protection level to resist even outdoor use in all kinds of weather.

All our lighting solutions are developed to be energy saving and with a long lifetime

Whether you compare energy efficiency with traditional technologies or other LED products, you will save energy by choosing a SCANGRIP work light. The LED PERFORMANCE indicates the actual light output of the LED in a SCANGRIP work light and we aim for the highest number to achieve less power consumption compared to other solutions on the market.

Extended warranty

Our lights meet the highest quality standards and are built to last. They are so good that we offer a warranty extension. All SCANGRIP work lights come with a 3-year warranty. Because we stand by the products we offer.

Designed by us. Manufactured by us.

MAG – *Europe's most bestselling work lights even further improved*

// The rechargeable handheld work lights everybody knows – and loves! With significantly improved light output, battery upgrade and even more functionality, the popular MAG work lights offer great value in every work-shop operation.

The MAG series consist of universal and powerful multipurpose work lights that all professional users must have!

- Significantly improved with higher lumen output
- Integrated work light and flashlight functionality in one
- Strong built-in magnetic holders and retractable hooks for handsfree operation
- New stepless dimmer function

// MAG PRO WIRELESS - more flexibility with wireless charging

NEW

MAG PRO comes in a version with the option of wireless charging using the accessory SCANGRIP CHARGING PAD 03.5928, which can be purchased separately. The charging pad offers a convenient and uncomplicated way to charge your work light without the need for extra cables.

The charging pad is designed so that the work light automatically "slides into place" over the powerful magnets on the back. This means that MAG PRO WIRELESS can be charged also in a vertical position. The charging pad is prepared for fixed mounting, enabling efficient use of space in the workshop.

// Updated and more powerful than ever

Taking advantage of the latest high performance LED technology, the MAG range comprises extremely powerful work lights providing significantly improved light output. Compared to the previous MAG 3 and MINI MAG, the new MAG PROs are upgraded to IP54 and have a new design with battery indicator on front.

// Multipurpose with cool design

The characteristic and elegant design of the MAG hand lamps provides an ergonomic and user-friendly grip. Place anywhere you want with the strong built-in magnetic holders and retractable suspension hooks to obtain complete flexibility. The lamp head is flexible and tilts up to 180 degrees.

// Stepless dimmable

MAG PRO, MINI MAG PRO and MAG PEN 3 are upgraded with a stepless dimmer function in the range of 10 to 100 % that enables you to adjust the light output to the work task.

HEADLAMPS *for professionals*

// Pursuing the vision of designing innovative work light for the professional end-user

- Illuminates your entire workspace
- Rechargeable
- Long duration time
- Easy to operate
- Sensor function with touchless on/off switch

As opposed to all other headlamps providing a beam of light, the new I-VIEW and ZONE headlamps are designed to provide optimum work light illuminating your entire work area.

Supplied with the newest COB LED technology, both headlamps provide an extremely powerful illumination which spreads the uniform light to the maximum and lightens up your entire field of view.

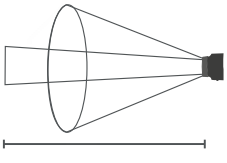

You avoid turning the head to illuminate your actual workspace from a limited headlamp beam.

NEW

// ZOOM - Rechargeable headlamp with 3-step function

ZOOM is a small, compact yet very powerful headlamp providing 220 lumen and with a remarkable low weight of only 100 g.

The beam angle can be adjusted from 10° to 60° providing a beam distance up to 80 m.

The light output is adjustable in three steps and a new feature is the »READING MODE setting«, which provides just enough light to read and enables 19 hours of operating time.

ZOOM comes in a compact design and the light can be tilted 45° to obtain the optimum lighting angle.

NIGHT VIEW – *for work in the dark*

// New headlamp that keeps your night vision

- Designed for work in the dark
- Rechargeable with touchless sensor function
- Illuminates your entire work space
- Durable, sturdy and waterproof
- Switch between normal white light and red light

3 years warranty

PATENT PROTECTED

// Choose between white and red work light

The red light is intended for work in the dark and provides light without overexposing the retinas while at the same time keeping the eyes adjusted to the dark.

The red-light functionality is mostly known from the military to read maps on maneuvers at night, but is also needed in civilian professions for work at night, for instance on ships and offshore. On ships it is particularly useful on the bridge at night, because it preserves your night vision so you can work at the control panel. Headlamps with red-light mode are also well suited for security guards that work at night in dark surroundings.

// Newest lighting technology

The NIGHT VIEW provides extremely powerful illumination which spreads the uniform light to the maximum and lightens up your entire field of view. You avoid turning the head to illuminate your actual workspace from a limited headlamp beam.

NIGHT VIEW is provided with the very newest rechargeable battery technology with extraordinary long duration, and sets new standards for professional work light. When set on sensor mode NIGHT VIEW is turned on/off only by waving a hand in front of the lamp. Thus, the light can easily be switched on/off, even when wearing thick gloves.

NOVA MINI – *extremely compact handheld work light*

ORIGINAL SCANGRIP
SINCE 1906

// With its extremely compact and unique design, the NOVA MINI is a brand-new hand held floodlight that is the ultimate “must-have” for professionals in all industries.

- Ultra-slim and compact design
- Extremely powerful illumination, up to 1000 lumen
- SMART GRIP 4-in-1 system for a comfortable, firm hand grip and flexible positioning
- Stepless dimmer function
- Charging indicator

3 years warranty

PATENT PROTECTED

// Small-sized with super powerful illumination

Featuring the latest LED technology, NOVA MINI is incredibly powerful and provides up to 1000 lumen – which is absolutely unique for such a small lamp. NOVA MINI is supplied with a practical on/off button on the side that is also acting as a light control. Adjust the light output with the stepless dimmer function in the range of 10 % to 100 %.

As part of the popular NOVA family, NOVA MINI is based on all the same unique and well-known features that the NOVA series is known for. With its compact dimensions, it is more than twenty times smaller than the NOVA 12K and fits perfectly into your pocket.

// SMART GRIP 4-in-1 system

The lamp is supplied with a special, patented SMART GRIP 4-in-1 system that integrates several multi-functions in the same unit. The ring is based on the functionality you know from e.g. mobile phones which makes it easier and more convenient to keep the lamp in your hand for a long time. It relieves the muscles and increases ergonomics.

The clip is designed to fit the work belt and carry the lamp the entire day, and when both hands are needed for a task, the strong built-in magnet can be used for flexible positioning. Furthermore, SMART GRIP can be used as a stand on any available surface.

// Portable and universal work light

The NOVA R handlamp is a universal all-around work light designed for the professional user. Featuring the latest high-performance COB LED technology, NOVA R is providing up to 2000 lumen with uniform and even illumination. The light dimmer function makes it possible to adjust the light to five different levels.

The durable construction approves the NOVA R handlamp to ROUGH SERVICE USE which makes it perfect for the demanding, rough working environment.

As an extra feature, NOVA R has also a built-in power bank with USB outlet to charge mobile devices.

Light dimmable in 5 steps

// Multifunctional design for high flexibility

NOVA R is easy to carry and is ergonomically designed for a good grip on the handle, which is also equipped with powerful integrated magnets for flexible mounting. Due to the flexible handle, NOVA R can be placed in different positions to obtain the desired lighting angle. The handle is also designed for direct mounting on the TRIPOD or the SCAFFOLDING BRACKET.

VEGA LITE - *a range of LED floodlights*

// Innovative, high performance work lights

The VEGA LITE range consists of 4 high quality floodlights in cool design offering very powerful illumination at an attractive price.

- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material
- Rechargeable and cabled versions available
- For indoor as well as outdoor use
- No fire hazard due to minimum heat production

// Floodlight with 3 colour temperature settings

VEGA LITE COLOUR is developed especially for house painters and other professional craftsmen working on surface preparation, such as filling, wallpapering, and sanding.

It provides 5000 lumen and features 3 different colour temperature settings including warm (2500 Kelvin), medium (4500 Kelvin), and cold light (6500 Kelvin). Select exactly the colour temperature that suits the work situation best. This functionality is also useful for other indoor tasks, like setting up tiles, ceilings, floors, etc. in the construction industry.

2 power outlets

// Powerful, diffused LED light

The many powerful LEDs of the VEGA LITE floodlights provide a diffused and pleasant, non-blinding, uniform work light, with a large dispersion. The entire range has been upgraded and now provides even more lumen than the previous versions.

// Designed for professionals

The lightweight, sturdy and durable housing of the VEGA LITEs is made of a highly shock-resistant plastic material, constructed for use in the demanding working environment. Contrary to traditional halogen work lights heat production is minimal avoiding fire hazard. The stand is made of powder coated steel and can be mounted directly on the SCANGRIP TRIPOD.

// Unique functionality

The VEGA LITE C+R is with the unique DUAL SYSTEM which means **both** rechargeable **and** with 5 m cable providing complete flexibility and unlimited application possibilities.

// Power outlet

Both the new VEGA LITE COMPACT, VEGA LITE and VEGA LITE COLOUR floodlights are born with power outlet which offers additional functionality in daily use as more lamps can be connected in a string. Also, the outlet can be used as power source for tools and machinery.

AREA LITE CO

// 360° high performance LED work light

- A must-have universal light for any working site
- Illuminates the entire room and working area
- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material

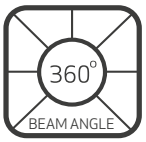

3 years warranty

PATENT PROTECTED

// Illuminating the entire working area

The AREA LITE CO is a real basic work light especially designed to illuminate the entire room 360° around. The AREA LITE CO provides a diffused and pleasant, non-blinding, and uniform work light with large dispersion. These features are ideal for the demanding craftsman who requires powerful and efficient illumination of not only larger surfaces but the entire room carrying out any kind of repair, paint or construction work.

// Powerful 360° work light

The light output of the upgraded AREA LITE CO has been increased from 4000 lumen to 6000 lumen which is very powerful compared to similar lamps on the market. AREA LITE CO is extremely sturdy and durable and withstands being dropped.

// Flexible positioning

The AREA LITE CO can be positioned directly on the workbench or hang in the sturdy hook from any mounting option available. SCANGRIP mounting stands offer completely flexible lighting solutions; the lamp can be mounted directly onto the TRIPOD without any time spent on fastening obtaining a height of up to 3 m. If you need a mobile light that can be moved quickly from place to place the lamp can be mounted directly on the WHEEL STAND.

STANDS and SUSPENSIONS

// Designed for direct mounting of work lights without bracket. Made of durable and sturdy powder coated steel for both indoor and outdoor use.

// High stability tripod

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area.
The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

The stable construction of the SCANGRIP TRIPOD 3M makes it safe even when fully extended. It is supplied with anchor points that provide an opportunity for extra stability if the tripod is exposed to strong wind or standing on an uneven surface. To increase safety when in use, the cable of the lamp can be fixed in the safety clips placed on each separate leg.

BLUETOOTH – Light control app

- Dimmer light output into 4 levels
- Switch on/off
- Group control function, up to 4 lamps
- Assign pin code

Compliant with iPhone 5 or higher / Android 5.0 or higher. Go to iTunes App Store to download the app or download the app from scangrip.com

// Powerful illumination and BLUETOOTH light control

Based on the newest state-of-the-art LED technology, the SITE LIGHTs provide an extremely high light output and a wide 120° beam angle, ensuring super bright illumination of a large work area. The dimmer function enables you to adjust the light in four different levels, and by using the BLUETOOTH light control app, you can turn on/off the work light and adjust the light remotely through your mobile device. When the work lights are mounted on high masts, this feature reduces the power consumption on an everyday basis as you only use the amount of light necessary to do the job.

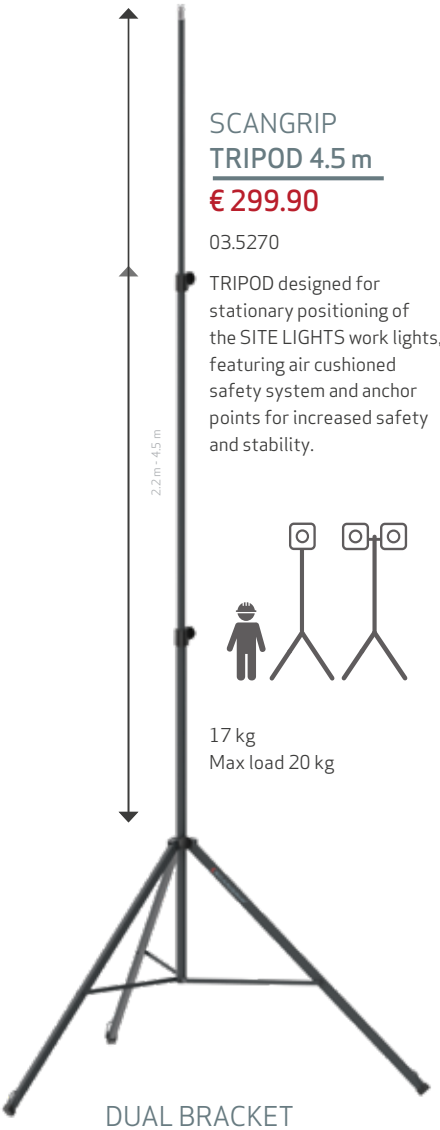

// Compact design for easy mounting

The SITE LIGHTs are designed with a built-in handle for easy carrying and mounting on tripod and masts. They are extremely compact and low weight compared to other solutions on the market, which makes the mounting of the work lights more convenient. The SITE LIGHTs come with 10-meter cable and include a DIN14640 connection adapter with bracket for mounting on a tripod.

// Built to do the job at the construction site

The SITE LIGHTs are completely dust and waterproof (IP65) and tolerate all kinds of weather conditions from -25 to +40 °C. Featuring high-quality components and active cooling, the work lights have a long lifetime and keep a high performance level throughout the day.

ROPE LIGHT - *25 m flexible rope light providing 20.000 lumen*

ORIGINAL SCANGRIP
SINCE 1906

// Illuminate your surroundings and stay safe on the worksite with a practical and legal rope light.

- EMC certified rope light with built-in power supply
- Maximum safety with low voltage (48 V DC)
- No risk of electrical shock
- Made of durable and heat-resistant silicone

3 years warranty

PATENT PROTECTED

NEW

// Maximum safety

ROPE LIGHT runs on low voltage (48 V DC), which means that there is no risk of electrical shock if the rope should be accidentally pinched or cut. This distinguishes ROPE LIGHT from all other rope lights on the market, which use 230 V power directly connected with the risk of fatal shocks. Only light ropes operated through a power supply are legal. ROPE LIGHT is made of heat resistant silicone and fully flexible, even in extreme cold down to -20 °C. With IP65, the rope light is suitable for use in humid working environments.

ROPE LIGHT is flicker-free, which means that there is no annoying flicker effect that can be a nuisance during the work and, in the worst case, cause misjudgment of rotating tools. ROPE LIGHT is EMC certified and in compliance with all applicable legislation in the area (EMC directive 2014/30/EU).

Durable silicone bendable down to -20 °C and passed 650 °C glow-wire testing

// Easy and convenient connection

ROPE LIGHT is delivered on an impact-resistant drum with a practical carrying handle. The power supply is built-in with a fixed 1.5 m connection cable, making it easy to connect to a standard power socket. To avoid overheating, always unwind the light rope completely from the drum before connecting the power. For convenient storage, the power cable can be wrapped around the drum under the light rope when not in use.

High IP for use in moist environment

Flicker free

LINE LIGHT – *unique lighting concept*

// LINE LIGHT is a flexible lighting solution for universal application designed for use anywhere where strong, efficient and concentrated light in a specific working area is needed. Now in a new upgraded version with double lumen output.

- Most competitive solution on the market
- "Unbreakable" - extremely sturdy and shockproof
- Waterproof to resist wet and dirty workshop environment
- Low voltage 24 V DC
- Technical lifetime of LEDs 100.000 hours
- Made in Denmark

3 years warranty

PATENT PROTECTED

EU DESIGN
PATENT
1882523

// Bright illumination exactly where you need it

By means of a built-in prism, LINE LIGHT concentrates the light in a 75° beam angle providing an extremely bright and powerful illumination of the specific working area. Blinding during work is avoided, and the lamp itself can be turned to provide the optimum lighting angle.

// Innovative LED technology

The LINE LIGHT series is based on the newest state-of-the-art LED technology and provides much more light compared to the traditional 36 W fluorescent tubes which are commonly used within the industry.
The quality of the light is extremely powerful, like daylight which is optimum for precise recognition of colours, shades and other product details. The uniform, flicker free illumination without strobe effects also minimizes the risk of accidents.

// Extreme durability

LINE LIGHT is constructed by a closed "unbreakable" extruded acrylic profile which makes it extremely sturdy and shockproof to endure even strong strokes, shocks and vibrations from industrial machinery.
LINE LIGHT endures the rough, wet and dirty conditions of the professional working environment within the industry and is resistant to both oil and chemicals. The IP67 classification means that it is resistant to both dust and water. LINE LIGHT is completely maintenance free.

// Reduced power consumption

Compared to traditional fluorescent tube lighting, the electricity consumption is considerably reduced when using LINE LIGHT which presents serious cost savings on electricity.

// Dimmer

With the dimmer function it is possible to adjust the light intensity stepless from 1-100 % to meet individual working conditions. LINE LIGHT 2-POST and LINE LIGHT 4 are delivered incl. dimmer, and can also be bought separately and retrofitted on all existing LINE LIGHT installations.

INNOVATION FROM DENMARK

COMPLETE lighting solution for automotive lifts

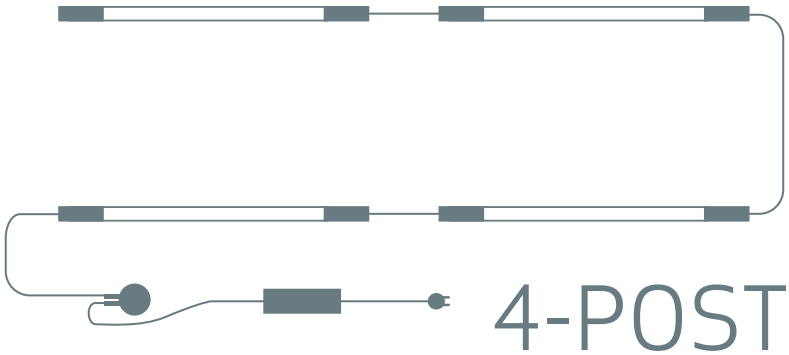

- Extremely powerful illumination of working area - improved lumen output
- Improve work efficiency and working conditions
- Avoid blinding the mechanic during work
- Adjustable lighting angle

// Compact design

Compared to traditional 36 W fluorescent tubes, LINE LIGHT provides an extremely bright and powerful illumination of the entire undercarriage. The slim and compact design leaves space for the center jack to pass.

// Easy DIY installation

As LINE LIGHT is a low operating voltage (24 V DC) system, you can easily do the installation yourself. All basic fittings are supplied with each kit together with power supply and cable. The pre-defined LINE LIGHT kits are considered universal and will fit the majority of all automotive 4-post lifts, regardless of the manufacturer or brand.

4-POST LIFTS

BEAM ANGLE 75°

Blinding of the mechanic during work is avoided, and the lamp itself can be turned to provide the optimum lighting angle during work.

MINI LITE A

	MINI LITE A
Product number	03.5102
Light source	LG
LED performance, lumen/W	158
Luminous flux, lumen	100
Adjustable light output	No
Beam angle	10°
Beam distance	Up to 80 m
CRI	Ra > 75
CCT	6000 K
Operating time with max. lumen, h	4.5
Operating time with min. lumen, h	-
Charging time, h	-
Battery	3xAAA /1.5 V Alkaline
Protection class	IP54
Impact protection	-
Impact resistance	1 m
Cable	-
Charging voltage/current DC	-
Power consumption	Max 2 W
Charger incl.	-
Temperature	-10 to +40 °C
Dimensions	ø28 x 102 mm
Net weight	72 g
Price	€ 8.90

All prices are gross prices, VAT exclusive and subject to change without notice, errors and omissions excepted.

SCANGRIP®

INNOVATION FROM DENMARK

ORIGINAL SCANGRIP

SINCE 1906

SCANGRIP is Europe's leading manufacturer of work lights for professionals providing the strongest and most comprehensive ranges of work lights with the latest LED lighting technology available on the market.

SCANGRIP is innovation from Denmark and receives strong recognition in the marketplace for its product design, and the products are known for their high quality.

SCANGRIP strives for perfection, and is continuously optimizing and improving light output, battery capacity, design and ergonomics, durability, user-friendliness, and functionality. The aim is to set new standards for professional work lights.

SCANGRIP was established in 1906 and has a long, impressive history of manufacturing high-quality hand tools and work lights for the industrial, construction, and automotive sectors.

SCANGRIP is part of Hultafors Group - a global company offering a unique portfolio of premium brands within personal protection, tools, and other equipment for discerning craftsmen. Together, we are on a mission to create a better day for professional users.
